

## Frequently Asked Questions

### **Q: How does a Hands-On Organizing Session work?**

**A:** Hands-On Organizing Sessions are highly focused time and are typically scheduled between 3-4 hours a session. We work right along side you guiding the process, offering suggestions, and keeping us on task throughout the entire process. Once we've come to a stopping point for the day, we'll discuss what the next steps might be whether it's scheduling another session to complete a project we've been working on, or plan to start organizing another space.

### **Q: Do I need to clean or do anything before you arrive?**

**A:** Not unless you want to. It's actually really helpful to see how you live on a day to day basis so we can create realistic solutions that will work for you. If you have kids or pets it's helpful to keep in mind that the less distraction we have while we work the better. So planning ahead of time to find a way for us to work with as little interruptions as possible is helpful.

### **Q: What if I feel embarrassed about my clutter?**

**A:** We are not there to judge you, your spaces, or your clutter. We want to help you get started and get organized so that you can not only see improvements but feel better in your surroundings.

### **Q: How much time will getting organized take?**

**A:** You are the decision maker and will not be forced to do anything you don't want to do. Everyone works, moves and makes decisions at a different pace which is why we will work with you at a pace you are comfortable with. We are great at breaking large projects down into smaller steps so that it is less overwhelming.
