

Hands-On Organizing Testimonials

"My brothers and I bought the 20 hour package from Smiling Spaces as a Christmas present for my parents. She was patient with all of us as we sorted through 20 years worth of our stuff. She explained everything we were going to be doing and the purpose of all of the steps. It was an amazingly rewarding experience! We each learned so much from the process. There were parts that would have stalled us out completely had we been on our own, that she had the answer too! She helped us find places to recycle and trash certain items like an old safe, and nearly empty paint cans, and charities that will come right to your door to pick up donations! We accomplished so much together and I honestly believe it will never get back to the way it was! We learned life skills, we laughed and had fun, enjoyed family time, and we conquered a major project! We couldn't have done any of it without Andrea and Smiling Spaces. Thank you *so much*, Andrea, for your help, patience, kindness, and inspiration!!!" -Shayla O
